## HP LaserJet 4 HP LaserJet 4Plus HP LaserJet 4M Plus

The HP 4 and 4 Plus are two of our best selling laser printers. They are fast and very reliable, great for small offices or workgroups. With a 20,000 page per month duty cycle, these printers will take moderate to heavy use in stride. The 'M' stands for Mac, and the 'plus' means faster printing (8ppm on the HP 4, 12ppm on the HP 4 plus).

\*Note:

4000N - Include JetDirect 600N and 8Mb/100Mb(max)

4000TN - 2 trays(250 each)+JetDirect+8/100Mb(max)

## HP LaserJet 4V HP LaserJet 4MV

The HP LaserJet 4V and 4MV laser printers offer great performance at a reasonable price (a 16-ppm engine and 33-MHz RISC processor). High-speed Bi-Tronics parallel port with built-in I/O buffering frees up your computer faster when sending print jobs. Open MIO slot supports HP JetDirect cards for network connectivity options. These printers handle more paper sizes, including 11 x 17, and offers great-looking 600-dpi output with Resolution Enhancement technology. The HP 4V is configured for PC environments, and the HP 4MV is configured for Mac or mixed Mac/PC environments.

**NGN9,995**

## HP LaserJet 1000

12 ppm  
600x600dpi  
250sheet input tray

*from*  
**NGN9,995**

## HP LaserJet 1010

12 ppm for letter-size paper, 12 ppm for A4-size paper  
First page out in less than 8 seconds  
600 x 600 dpi with HP Resolution Enhancement technology (REt)  
150-sheet enclosed input tray  
Priority input tray  
8 MB RAM  
2000-page print cartridge  
Host-based printing  
USB version 2.0  
Windows 98SE, Me, 2000, and XP  
Mac OS 9.x  
Mac OS X v10.1 and v10.2  
HP Toolbox provides printer status information, troubleshooting information, and printer configuration information (Windows only)

## HP LaserJet 1020

*from*  
**NGN9,995**

## HP LaserJet 1100

This printer saves time with fast 8-ppm performance, quick return to application, 18-second first-page-out, and HP's exclusive instant-on fuser. Compatible with virtually all PC platforms — including DOS and Windows — and most networks (with optional HP Jetdirect external print servers). Delivers crisp, clear, 600-dpi output with HP's proven laser technology, Resolution Enhancement technology (REt), and Ultraprecise toner.

**NGN8,995**

## HP LaserJet 2100 HP LaserJet 2100M HP LaserJet 2100TN

Fast 10-ppm print speed, instant-on fuser, 4 MB or 8 MB standard memory, and 15,000-page monthly duty cycle deliver high performance for small workgroups. True 1200-dpi printing at full engine speed provides superior quality.

*from*  
**NGN10,995**

Full range of expansion options include HP Jetdirect 600n and 610n (EIO) print servers, HP PostScript emulation, additional paper trays, and memory (some options are standard on LaserJet 2100m and 2100tn). High-speed, flexible networking via integrated EIO slot. Fast 4-Mbps IrDA-compliant infrared port allows pointand- print wireless printing from portable PCs and PDAs. Two standard paper trays, straight-through paper path, custom media handling, and optional third tray allow for flexible handling of different media sizes and weights.

## HP LaserJet 6L

6ppm  
600x600 resolution  
100 input capacity tray

## HP LaserJet 6P

8ppm  
600x600 dpi resolution  
2/50Mb Max  
250/100 (lower/upper) sheet input capacity tray.  
The HP LaserJet 6P printer provides excellent graphics with at least 128 levels of gray for smoother gray transitions and photorealistic images.

*from*  
**NGN9,995**

## HP LaserJet 5P

6ppm  
600x600 resolution  
2/50Mb Max  
250/100 Sheet Input tray

Get the best features of more expensive HP laser printers at a very practical price. The HP LaserJet 5P was designed specifically for value-conscious and feature-hungry individuals or small groups. Two paper trays handle legal-size paper to 3 x 5-inch cards (one holds 100 sheets and the other holds 250 sheets). Straight-through paper path for wrinkle-free printing.

*from*  
**NGN8,995**

## HP LaserJet 5Si HP LaserJet 5SiMx

*from*  
**NGN12,995**

The HP LaserJet 5Si printer is a high-volume, 24-ppm workhorse designed to handle the print needs of large networks and departments. It's an improvement in every way over its award-winning predecessor, the HP LaserJet 4Si printer — faster, more robust and more intelligent. The printer is also versatile. It offers paper-handling and network options that let you build exactly the printer you need. Product differences: The 5SiNx is a 5si with built-in ethernet networking, similarly a 5SiMx is designed with built-in networking for a Macintosh environment.

## HP LaserJet 5L

*from*  
**NGN8,995**

The small footprint (8.9"x12.3"x13.2") of the Hewlett Packard LaserJet 5L makes it an ideal desktop laser printer. 600-dpi resolution provides crisp text, and the alternate straight-through paper feed provides wrinkle-free envelope printing.

## HP LaserJet 5 HP LaserJet 5N HP LaserJet 5M

*from*  
**NGN10,995**

The HP LaserJet 5 laser printer builds on the proven performance of the HP LaserJet 4 Plus printer, with improvements that make printing easier and more productive. An improved control panel and updated software give you or your workgroup easier printing. And HP has developed a number of hardware and software performance enhancements, including HP PCL 6, an improved printer language for noticeably faster output, especially with complex documents. Product differences: The HP 5N is an HP 5 with the addition of a JetDirect card. Similarly, the HP 5M is an HP 5 but adds a network card for Macintosh or mixed Mac/Pc environments. (The 5M also adds Postscript and 4MB additional memory.)
